

Indiana Convention Center

Maintaining Excellence throughout COVID-19

\$7 million in ongoing building upgrades

- **Toilets, sinks and soap dispensers** upgraded to touchless technology
- **Elbow pulls** installed on exterior/interior doors, allowing guests to enter and exit without touching door handles
- **Hand sanitizing stations** (both free-standing and wall-mounted) installed throughout the convention center
- **Air filters** upgraded to hospital grade quality and operated 24/7 during events
- **Clorox® Total 360® Systems** purchased to deliver superior coverage for better germ protection
- **Plexiglass shields** placed at all point-of-sale locations and information desks
- Aisles and interior walkways divided for **one-way travel**
- **Door clings at entry points and signage** throughout the facility reminding guests to wear masks, maintain social distancing and practice frequent handwashing and sanitizing

Accolades

- **GBAC STAR™ Facility Accreditation**

GBAC STAR™ is the cleaning industry's only outbreak prevention, response and recovery accreditation for facilities. The Indiana Convention Center is proud to have met this gold standard for preparedness.

- **2021 EXHIBITOR Magazine Center of Excellence**

EXHIBITOR Magazine's 2021 Centers of Excellence list features the top North American convention centers based on feedback from magazine readers, event planners, show organizers and exhibit managers.

- **2020 NAFA Clean Air Award**

The National Air Filtration Association (NAFA) Clean Air Award honors facilities for their leadership and excellence in the use of high efficiency filtration products and good maintenance practices.
